

GULF POWER COMPANY
APPLICATION FOR UNDERGROUND SERVICE IN AN OVERHEAD AREA
Form 10

NAME OF APPLICANT _____ DATE _____

SERVICE ADDRESS _____

The Applicant requests Gulf Power Company to furnish underground electric service from overhead facilities as shown on the sketch attached as Exhibit "A". The Applicant agrees to pay the Company \$ _____, the estimated cost difference between the requested underground service and the overhead service that would otherwise have been installed or, if the Company has previously provided an overhead service to the Applicant's point of delivery, the cost of the requested underground service plus the cost of removal and the estimated remaining net book value of the existing facilities to be removed, less the estimated net salvage value of the facilities to be removed.

The Applicant agrees to provide service entrance facilities as shown on Exhibit "B" that conform to the requirements of all applicable codes and the rules and regulations of the Company.

The Company agrees to provide all labor and material to install the conduit and cable from the Company's overhead facilities to the Applicant's service entrance facilities. Credit may be given for trench, backfill and Company-approved materials if provided by the Applicant.

The Applicant shall remove or cause to be removed, at the Applicant's expense, all trees, stumps, or any other obstructions and shall establish finish grade along the trench line prior to installation of the underground service. The Applicant is responsible for providing all landscaping, landscaping replacement, and repair to any sidewalks, driveways or piping (installed before this requested service work is completed) that may be damaged in any way as a result of the underground installation. Any repair or landscaping performed by the Company will be at the additional expense of the Applicant. The Applicant will provide for a timely and orderly installation of all underground facilities at this location and will be responsible for the location of all privately owned underground facilities in the area of this work before any construction begins.

By signing this application, the Applicant agrees to cause to be conveyed to the Company, without cost, all easements, including rights of ingress and egress, necessary or convenient to the Company or required by it for the purpose of constructing, operating, maintaining and removing said underground electrical distribution facilities and other equipment.

Nothing in this application shall be construed or have the effect of vesting in the Applicant any right, title or interest in or to any underground distribution facilities, all of which shall be and remain the property of Gulf Power Company.

This application shall be binding upon the successors or legal assigns of either of the parties hereto.
